January 7, 2021

Dear Parents/Guardians,

We have faced so many changes throughout this school year! I would like to address concerns of breakfast and lunch accounts as we come back to school.

On October 9, the U.S. Department of Agriculture (USDA) announced extensions of nationwide waivers permitting the continuation of the free meals through June 30, 2021. Your child/ren will continue to get breakfast and lunch at no cost through this school year.

Students may purchase extra items or individual items from their accounts unless we are notified that you do not want extra purchases made.

Thank you for your support of the cafeterias as we enjoy feeding your children! If you have any questions or concerns, please call Jenny Blankenship at 419-687-8200 ext 22105 or email at [jblankenship@plymouthk12.org](mailto:jblankenship@plymouthk12.org).

Thank you,

Jenny Blankenship  
Food Service Director
