Plymouth-Shiloh Local School District Parents/Guardians, Staff, Students, and Community,

I would like to thank everyone for your patience and support of our school district as we navigated the many challenges of safely operating our schools during the past year. We would not have had a successful year without the cooperation and efforts of our staff, student, parents/guardians and community. The efforts of all involved are greatly appreciated as the 2020-21 school year comes to an end.

Evaluating the past school year it has become evident that our most effective teaching and learning occurs when students are in attendance in person interacting with our teachers. Taking this into consideration it has been decided that the **Plymouth-Shiloh Local School District will not offer a remote learning option for students for the 2021-22 school year.** We hope that all parents/guardians will allow their children to return to our buildings at the start of the 2021-22 school year. Our buildings remained safe throughout the past school year and we will continue to take the proper measures and precautions necessary to assure this will continue in the future. Student safety and well-being will continue to be a top priority for our district.

Thank you again to everyone who contributed to making the past school year safe and productive. Please feel free to contact me if you have any questions or concerns.

Sincerely,

Brad Turson
Superintendent
