

5th Grade News

April Newsletter

What we are learning:

Math:

- ★ We will be wrapping up our fractions unit in the coming weeks
 - Students should be able to Add, Subtract, Multiply, and Divide
- ★ Over the course of the month we will continue to mix in review of previously covered standards.

Science:

- ★ Reviewing all previously taught standards in preparation for the state test.
 - Earth and Space/Life Science/Physical Science

Social Studies:

- ★ Government Systems:
 - Types of governments around the world
 - How government was established in America

ELA:

- ★ Informational Essay: Provide information and supporting evidence on a given topic
- ★ Will be picking up vocabulary words and mentor sentences again after spring break, so be sure to study those each night with your child

Reading:

- ★ Compare and contrast characters, settings, and events in a story.
- ★ Determine theme
- ★ Identify how scenes, chapters, and stanzas fit together
- ★ Identify main ideas and supporting details
- ★ If you have made it this far, thank you for reading the newsletter. Please message your teacher the code phrase: April Showers This will earn your child 15 house points!

Reminders:

* Students will also need a working set of headphones for the tests.

**If you would like to contribute snacks or drinks for the students to have after testing, you may send them in at any time.
