August 1, 2022

Dear Parents / Guardians:

Welcome to School Year 2022 - 2023 !!

We have enjoyed serving all of our students lunch & breakfast at no cost to you for the past two years, but current guidelines from USDA do not allow us to serve free meals this school year. However, breakfast will continue to be free, but lunch will be charged according to your qualification:

Free  
Reduced @ \$0.40  
Full Pay - Elementary @ \$3.00  
Full Pay - Middle/High @ \$3.15

Therefore, beginning this year, **ALL** Free & Reduced Meal Applications must be completed **ASAP** online by logging into [payschoolscentral.com](https://payschoolscentral.com). or by going to the school website, clicking onto **Parent Resources and scrolling to School Lunch Information**. If you qualify, this is where you will fill out the School Fee Waiver that is necessary each school year and must be done before the end of the year.

These forms are necessary for our records. Please take the time to completely fill them out so that you and your student do not miss out on something important.

You can also add money to your student's account by logging into [payschoolscentral.com](https://payschoolscentral.com) and following the instructions. *Payschoolscentral.com is replacing payforit.net.*

We are looking forward to being trusted with your child's nutritional needs !!

Thank you,

Justine Strohm  
Food Service Director
