

# November

## News from 6th Grade

### Learning Focus

**Math: Exponents, Order of Operations, Write and Evaluate Expressions**

**ELA: Plot elements and starting the novel *Hatchet***

**Science: Minerals, Types of Rocks and the Rock Cycle.**

**SS: Ancient Sumer**

### Specials

**6A:** Beginning their exploration of coding using Code.org. Coding teaches students how to think in a logical order in order to complete an assignment.

**6B:** Beginning lessons on ping pong and Can Jam.

**6C:** We're learning constructive drawing-- learning how to break complex forms down into their most basic shapes in order to draw them.

### Special Things To Share
